Re: CWMTF Innovative Stormwater Proposal 2008-1018 Raleigh, City of -
InnovSW/ Market at Colonnade

Dear Ms. Hathaway:

Congratulations! I am writing on behalf of the Board of Trustees of the Clean Water Management Trust Fund (CWMTF) to advise you that, at its February 9, 2009 meeting. The Board approved your request for funding the subject grant up to \$562,000 for an innovative stormwater project.

The demand for funding to improve water quality remains high. CWMTF received 32 applications in October 2008 from local governments, State agencies, and conservation nonprofits requesting over \$9.3 million for innovative stormwater projects.

Kevin Boyer, CWMTF's project manager for restoration and stormwater projects, will prepare and send you a draft contract for the subject project in the near future. Funds for this project cannot be encumbered until contracts have been signed by you and CWMTF and delivered to the Department of Environment & Natural Resources by CWMTF.

The General Assembly appropriates funds to the CWMTF so that we can assist you and other communities. I respectfully request that you write your state senators and representatives, thank them for creating and appropriating funds to the CWMTF, and explain the water quality benefits of your project.

Please contact your CWMTF Field Representative or me if you have questions or need more information.

Sincerely,

Richard Rogers, Jr.
Executive Director
